■ GENERAL CHARACTERISTICS

Commercial Series	SCABOX Series
Synthetical description	JUNCTION BOX

Description

The SCABOX Series Junction Box is designed for surface mounting, featuring a blank cover and smooth walls for cable entry. Constructed from durable engineering plastic, it measures 190x140x70mm and is finished in grey. With a protection degree of IP56, it ensures robust performance in demanding environments. The junction box withstands temperatures up to GW 650°C, enhancing safety and reliability. For added versatility, it supports the optional wall mounting brackets kit (item 654.0021, K1). This product is engineered to meet the rigorous demands of professional installations.

Mounting version	SURFACE MOUNTING
